

John Spearn

Program Biography:

John Spearn (var. Spearin) is *Canadianafolkrootsceltic*. You'll instantly catch these deep influences threaded through John's fine vocals, lyrics, and rootsy, guitar-mastered songwriting works. His grant-supported *Canada Songs* and *Northern Sightlines* CDs have taken him from sea to sea to sea as a major festival performer, workshop host, and historical curriculum author. His **Canada Songs Project** has received several award nominations. This is pure Canadiana: forgotten but deserving heroes, the humility in our international image, and a superb range of tender ballads through to raw, foot-stompin' stories that need to be told. A **brand new** third CD, *Lonely Heroes* (five years in the making), is now available. Please check *Canadian Folk Music Magazine (Autumn 2007)*, *MySpace* and *YouTube* for features.
